
KABZ EVENTS – Marketplace App **Structure & Monetization Plan**

Overview

KABZ EVENTS is a peer-to-peer **event service marketplace** that connects **clients** (people planning events) with **vendors** (event service providers) such as DJs, caterers, decorators, photographers, and more.

The app **does NOT handle direct payments** between clients and vendors. Instead, vendors get paid **directly** by the client (via MoMo, cash, or bank transfer).

KABZ EVENTS earns money from:

1. **Vendor Subscriptions**
2. **Featured Listings (Paid Ads)**
3. **Vendor Verification Fees**

KABZ EVENTS – App Features

1. For Clients (People Looking for Event Services)

- Browse service categories
- Search for vendors by name, service, or location
- View detailed vendor profiles with images, videos, pricing, and reviews
- Contact vendors directly via chat, WhatsApp, or phone

How the Platform Works (Simple Example)

Example:

Ama is planning her wedding. She visits **KABZ EVENTS** and searches for a wedding photographer in Accra. She finds three options, checks their photos and reviews, and contacts one via WhatsApp.

They meet, agree on a ₵1,000 fee, and she pays him directly.

✅ You (**KABZ EVENTS**) make money if:

- The photographer paid ₵40 to be verified
 - He subscribed for ₵50/month
 - He promoted his profile for ₵30/week
-

Summary

- KABZ EVENTS connects vendors and clients but doesn't process their payments
- Vendors handle their own payments, bookings, and service delivery
- You earn **only from platform services** (subscription, verification, and ads)

✓ **Platform Benefits:**

- Simple, safe, and low-cost to run
 - Builds trust through verification and reviews
 - Scalable as more vendors join
-
